## ENGAGING AND INSPIRATIONAL SPEAKERS CONFIRMED

**Dr Mohamed Khadra** is a former Professor of Surgery who has had a successful and varied career as a leader in education and medicine, internationally and in Australia. He has a degree in Medicine, a PhD and a fellowship of the Royal Australasian College of Surgeons. Mohamed has also written 2 novels and had significant experience in the health care system as a patient.

**Jason Clarke**, one of Australia's most sought after creative and innovative thinkers, was the Creative Director for Australia's largest multimedia company and has designed a course in innovation and creativity that he currently teaches as part of the Executive MBA Degree amongst other things. Jason sees innovation as a process rather than a product and will challenge your thinking about thinking.

**Dr Craig Hassed**, MBBS, FRACGP, has a strong interest in mental and physical wellbeing with an emphasis on counselling, stress management, meditation, mind-body medicine, holistic and integrative medicine approaches to under and postgraduate medical education.
