

GNMP Video Interview tips

Interviews may be undertaken at any time between **10am on Monday 18 July until 5pm on Wednesday 20 July**

How it works

- When you are ready to sit the interview, go to your PMCV application and click the **Start Interview** button within your application checklist. This button will only be active during the interview period above.
- **This will take you through to the video interview platform where you can read the instructions, test your technology and do a practice question (you can try it a few times).**
- It's up to you when you start the video recording for the your interview. You can take breaks, but only in between questions.
- **There is two minute reading and preparation time (you can take notes), and two minute response time for each question. A timer on the screen will let you know how much time you have left.**
- All candidates will need to answer three non-clinical questions. The number of additional clinical questions, is individualised to each candidate, and will be based on the preferences in your application when it closed on Friday 8 July.

GNMP Video Interview tips

Number & type of questions to be asked is based on individual preference (not Health Service specific)

Preference combination (includes 3 non-clinical questions)	Number of questions
Nursing	4
Midwifery	4
Nursing and Midwifery	5
Nursing and Mental Health Nursing	5
Midwifery and Regional/Rural Health Service	5
Nursing and Regional/Rural Health Service	6
Nursing, Midwifery, and Mental Health Nursing	6
Nursing, Midwifery, and Regional/Rural Health Service	6
Nursing, Mental Health Nursing and Regional/Rural Health Service	6

Note: Barwon Health is considered to be a Regional/Rural stream

To see an example Video Interview (not specific to GNMP), go to the PMCV GNMP website page and look for this link.
