The Health Service Directory is an information tool for Prevocational Doctors and Medical Students to aid in understanding what clinical streams in Victorian public Health Services are offered during Intern, HMO2/3 and BPT1/2/3 training. The health services offer a variety of clinical stream at Hospital Medical Officer (HMO) level, which are most commonly General, Medical, Surgical, Critical Care, etc.

Intern Year

All interns commencing in Victoria in 2024 will need to gain exposure to four clinical experience categories:

1. Undifferentiated illness patient care
2. Chronic illness patient care
3. Acute and critical illness patient care
4. Peri-procedural patient care

Please note that your employing health service will ensure that you are rostered to a mix of rotations that will cover all the required clinical experiences over the course of your intern year.

HMO Year

HMO training assists you in deciding your future career path while you are working under the guidance of more senior specialists. Each stream offers different rotations, these streams/rotations may or may not be a component of vocational training.

The health service will have a process for preferencing your preferred rotations once you have been appointed to a stream. This should occur in the year preceding you undertaking this position.

Examples of HMO rotations

Streams:	Possible Rotations:	Vocational/Non-Vocational)
General	General Medicine General Surgery Paediatrics Obstetrics and Gynaecology Emergency Medicine Mental Health	Non-Vocational

Critical Care	Intensive Care Unit Anaesthetics Emergency	Non-Vocational
Surgical	General Surgery Urology Plastic Surgery Orthopaedics Emergency Medicine Critical Care	Non-Vocational
Medical	General Medicine Medical Subspecialties <ul style="list-style-type: none"> • Respiratory • Infectious diseases • Renal • Gastroenterology • Oncology 	Non-Vocational
BPT1&2	General Medicine Medical Subspecialties <ul style="list-style-type: none"> • Respiratory • Infectious diseases • Renal • Gastroenterology • Oncology Rehabilitation Palliative Care	Vocational

Disclaimer:

This information is a guide only and is subject to change. For more information on positions and rotations please contact Health Services directly.

Not all positions listed within this guide may be available via the HMO2/3, RG2, BPT1/2/3 Matches; some may have been filled via health services' internal offers processes (pre-match offers) or by doctors on multi-year contracts prior to the Match.
