

PGY1 Annual Planner Checklist

Are there four discreet rotations?

Does the rotation line adhere to the rule of maximum 25% (one term) in any one subspecialty and maximum 50% in any specialty (including its subspecialties)?

If the rotation line has a double rotation, are the rotations in different locations and/or different clinical exposures?

Does the rotation line provide exposure to each of the Clinical Experiences?
A, B, C and D?

Has annual leave been plotted in consideration of maximum exposure to each clinical experience?

PGY2 Annual Planner Checklist

Are there three discreet rotations?

Does the rotation line adhere to the rule of maximum 25% (one term) in any one subspecialty?

If the rotation line has a double rotation, are the rotations in different locations and/or different clinical exposures?

Does the rotation line provide exposure to each of the Clinical Experiences?
A, B and C?

Has annual leave been plotted in consideration of maximum exposure to each clinical experience?
